BLOK MOTIF is a modular sofa system designed for offices, bars, hotels and waiting areas. The square module and quick linking encourages designers to experiment with endless layout orientations and various eye-catching multi-colour swatches.

With **BLOK MOTIF** as your building block, you can create semi-private spaces by adding screens and tables. Various modules and useful accessories makes **BLOK MOTIF** customizable to any setting, offering the possibility to make formal office and conference settings more playful.

Clip-On Ganging

Modules are quickly linked together by a clip-on connector under the base. 2 connectors are included with each module.

Universal Standard Outlet

A multi-standard outlet located just behind the seat provides easily accessible charging points for devices from all around the globe. **BLOK MOTIF** Outlet can be installed to the left or right side to suit arrangement.

Plug & Play Connection

Electrical power is supplied to sofa modules by simply plugging in additional modules. End users can easily reconfigure furniture arrangement by unplugging and replugging connectors, as if **BLOK MOTIF** was an appliance.

Built in Wire Management

Cable guideways underneath keep wiring neat and away from view.

BLOK MOTIF
