camillosirianni[®]
*progetta e arreda
ambienti per le scuole*

I valori, la strategia e gli obiettivi di un'azienda sono espressi nella sua politica e, uno dei cardini della politica della **Camillo Sirianni**, oggi è rappresentato dalla tutela dell'ambiente e dal rigoroso rispetto delle prescrizioni dettate dalla Comunità Europea sul tema: il Green Public Procurement e il Green Deal Europeo.

Gli stabilimenti di produzione sono situati nel cuore della Sila, uno tra i boschi più grandi d'Europa, e utilizzano energia solare, tra le energie rinnovabili che non pregiudicano le risorse naturali del nostro pianeta.

*The values, strategy and objectives of a company are expressed in its policy and, one of the main aims of **Camillo Sirianni** policy today is represented by the protection of the environment and by strict compliance with the European Community requirements on the subject: Green Public Procurement and the European Green Deal. The production sites are located in the heart of the Sila, one of the largest forests in Europe; they use solar energy, one of the renewable energies that do not affect the natural resources of our planet.*

*Les valeurs, la stratégie et les objectifs d'une entreprise s'expriment dans sa politique et, l'une des pierres angulaires de la politique de **Camillo Sirianni**, est aujourd'hui représentée par la protection de l'environnement et le strict respect des exigences dictées par la Communauté Européenne en matière : le Green Public Procurement et le Green Deal Européen.*

Les usines de production sont situées dans le cœur de la Sila, une des plus grandes forêts d'Europe et utilisent l'énergie solaire, une des énergies renouvelables qui n'affecte pas les ressources naturelles de notre planète.
